Florida Blood Services(FBS) is an independent, not-for-profit, community based healthcare provider for the blood needs of patients in Hillsborough, Manatee, Pasco, Pinellas and Polk Counties, through the generosity of volunteer blood donors. Over 5,000 donations are required every week, due to the high quality of medical care in Tampa Bay that serves the most critically ill patients throughout west central Florida.

In addition, as a leading member of America's Blood Centers, FBS has been designated one of seven military "hubs" to help provide for the blood needs of our US troops when needed.
